MINISTRY REPORT

March 2014

Beloved in Christ ! Just before a woman is to give birth she experiences extreme pain...I'm told. Likewise, we all experience hard times periodically. Are you in "extreme pain" right now? Do you think that "I cannot do this", "this is too hard for me", "no-one understands, and no-one cares". Then, **NOW IS THE TIME FOR YOU TO "PUSH"!** Just like when the woman is in the worst of pain, then, someone says: "PUSH, PUSH...", and then, a baby cry is heard and a miracle has happened! Brother and Sister, let's push..let's give thanks and praise to God and "use that which is in our hand" (like Moses), and watch God bring about a miracle. The dream and vision that God gave you, is but a "push" away. Just do what He tells you, right now and praise Him!

Just when all seemed to be in disarray at the recent Seminar, we "pushed", did what we could, used what we had, and, watched God do a miracle! As you read this, many of our students, past and present are proclaiming the "Bondage Breaking Power of the Gospel of Jesus" to those who have been declined this privilege for centuries. Please continue to pray and do what you can to enable them to spread the Good News.

We had 58 registered students, gave them room & board, school supplies, counseling, etc. Our staff taught them for 4 weeks in theory and practice: Doctrine, hermeneutics, evangelism, hygiene and health, first aid, agriculture, music, government, accounting, etc. I wish you could have seen them! So dedicated and so smart! What a privilege for us, thank you for your part!

Please pray also for a suitable airplane (and logistics) to serve the teams. Pray for our key leader (call him "Paul"), and all the NCP's (National Church Planters) as the Holy Spirit leads you. PRAY for us as we try to "keep many balls" in the air: Informing the constituency, coordinating and staying in touch with the field workers, challenging the Body of Christ of their part in evangelizing, and just to be wise and be able to finish well. 2 Cor. 5:18-20

Serving King Jesus together with you,  
Roland & Barbro
