Mercy Air - Amazon Advance

MERRY Christmas 2014

“It is well, it is well with my soul..”, the songwriter of old wrote. And, in the midst of the stormy sea, Jesus took a nap in the boat! Precious Friend, I pray that you have that peace that passes all understanding this Season! The Prince of Peace is with us, within us, is our strength and Joy!

Oh what a joy it has been to, together with You, be a part in passing on that Peace to the Tribes and Nations in the Amazon this year! Thank you and may the Prince of Peace bless You richly! As you know, Barb and I (Roland) are now coordinating and informing about what is going on in the final stage of proclaiming the Gospel to the still Un-reached Nations in Colombia’s jungles where you’ll find about a dozen Tribes that now have the New Testament in their own language, but are still Un-reached (definition by: “The US Center for World Missions”, CA).

It is our task to enable and equip NCPs (National Church Planters) to be the “foot soldiers”, to plant churches in these Tribal locations. We do that by training (“chronologically telling the Greatest Story ever told”) in our Seminar(s) in strategic locations. And here’s some GOOD NEWS: We have trained many NCPs that are now evangelizing, but others are waiting to go. We need help in equipping more, so that the task may be finished while the window is still open! The translators have finished their painstaking labor, now we’re on the final stretch! Isn’t THAT exciting?! I cannot wait to ‘retire’ in Heaven together with you and listen to many multilingual voices worshipping the King of Kings, just because...together, we and you, cared enough to tell them about Jesus.

We praise God for the blessing of meeting so many of you during our recent trip in the USA! You truly encouraged, equipped us spiritually, emotionally and physically! We love you and miss you also who we didn’t see!

Barbro & our daughter Camilla who helps us with our travel

Some have asked ‘what could I do to help?’ Here’s a list:

Priority: Seminar Jan-Feb : \$4100.

We could now use an airplane, housing at the seminar locations, aluminum boat (outboard), operational funding and added personal monthly support.

Most of you who read this are already involved with us in this task, but maybe you have someone you can involve or ideas we may use?! Airplane donations and other Tax Deductible donations are still possible through “Mercy Air, POB 460, Golden, MS 38847”.

Thank you, we love you, together we will soon hear the Trumpet...The King is coming !!

Roland & Barbro (capirolando@gmail.com ; US phone: 321 302 1897 – December 2014)

PS Last minute PRAISE items: through partners, the boat & outboard motor are provided for! Also, through generous gifts the funds to finish the house project in Sweden have come in !
